

PRODUCT OVERVIEW

A perfect solution for cabinet lighting, Aluminum Profile "E" is a slim and compact aluminum profile for low to medium output LED strips. A versatile solution, Aluminum Profile "E" can be surface mounted under cabinets and inside coves. Extruded and anodized from premium aluminum alloy, Aluminum Profile "E" maximizes the lifetime of your LED strips by dissipating the heat. Aluminum Profile "E" can universally accommodate any waterproof, or non-waterproof LED strip up to 0.48" (12.2mm) wide. Aluminum Profile "E" is conveniently sold in 8ft lengths as a completed kit including a pair of end-caps, mounting clips, and your choice of one premium polycarbonate, UV-resistant clear or frosted lens.
