

PRODUCT OVERVIEW

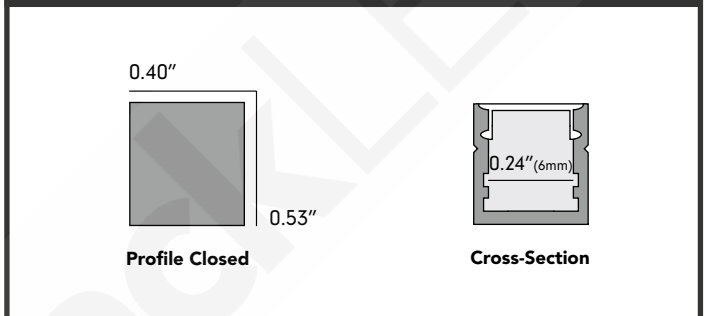

Use our Aluminum Profile "O2" to create sleek and slim DOTLESS lines of light. Aluminum Profile "O2" is our ultra-slim offering, providing evenly diffused lighting at just 0.40" wide. It can be surface mounted using clips, or recessed into grooves within cabinets and shelving. Aluminum Profile "O2" can ONLY accommodate LED strips that are 6mm (0.24") wide. Choose one of our DOTLESS, high-density 5mm LED strips to achieve dot-free even lighting. The high-quality aluminum extrusion extends the lifetime of your LED's by dissipating heat. Aluminum Profile "O2" is conveniently stocked in 8ft lengths and is sold as a completed kit including one pair of endcaps, mounting clips, and one frosted lens.
