

## PRODUCT OVERVIEW

Our aluminum profile "P2" is a slim profile with a rounded lens, that can be surface mounted as well as suspended (pendant mounting). Similar to "P," Aluminum Profile "P2" can accommodate any LED strip up to 0.66" (16.7mm) wide, and maximizes the lifetime of your LEDs by acting as a heat sink for your high-output LEDs. The compact and slim design allow for one to professionally suspend the fixture from ceilings without hassle. Aluminum Profile "P2" is conveniently sold in 8ft lengths as a completed kit including a pair of end-caps, suspension kit, and one semi-clear or white lens. Order today to professionally illuminate your desired space!

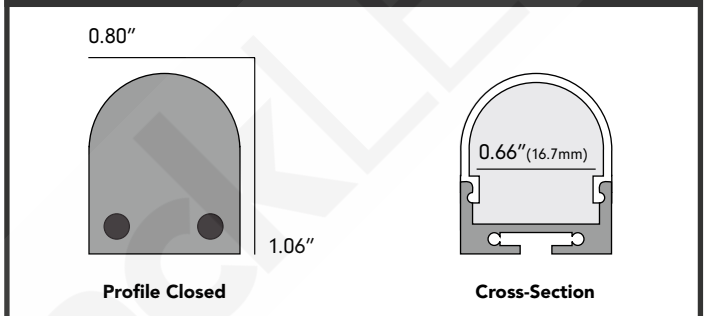

### Features

- Compact, attractive round lighting design.
- Easily suspend from ceiling using provided suspension kits.
- Maximizes Lifetime of LED strips by dissipating heat.
- Beautiful Pendant Mounted Linear Lighting for homes and offices.
- Cuttable using any standard miter saw.
