

## PRODUCT OVERVIEW

For decorative surface mounted lighting applications, Aluminum Profile "S4" is a perfect solution. Aluminum channel "S4" can accommodate any LED strip up to 0.51" (12.9mm) wide, and properly disperse heat from the strip. Aluminum extrusion "S4" features a gentle rolling edge for decorative purposes, allowing one to get creative and use the channel in many different applications for modern abstract LED lighting. Aluminum Profile "S4" is conveniently sold in 6.5ft lengths as a completed kit including a pair of end-caps, and one premium polycarbonate, UV-resistant frosted lens.

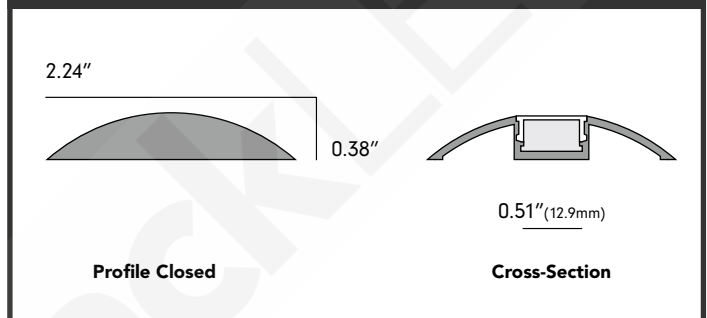

### Features

- **Slim, low-profile design**, for discrete linear LED lighting applications.
- Rolling edge for creative decorative finish.
- Maximize LED Lifetime through Heat Dissipation.
- Well-Stocked and Ready to Ship from our Miami, FL facility.
