

PRODUCT OVERVIEW

Aluminum Profile "U" is a high-output corner (surface) mounted housing for LED strips. It features a quarter-circle lens which emits light at a 90 degree spread. It's high-output capacity makes it an excellent solution for retail and display lighting applications. When mounted at a distance from a wall, it can also be used for "wall washing" lighting designs. Aluminum Profile "U" can accommodate any high-output LED strip up to 0.78" (20mm) wide and can be installed with mounting clips or screwed directly into the mounting surface. Aluminum Profile "U" is conveniently sold in 8ft lengths as a completed kit including a pair of end-caps, (3) mounting clips and one frosted rounded lens (diffuser).

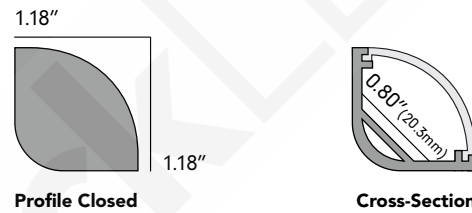

Features

- Maximizes Lifetime of LED strips by dissipating heat.
- Easy to install directly to surface.
- **DOTLESS** Lighting (when used with 120/M LED Strip).
- High-Output Display Lighting.
- Cuttable using any standard miter saw.
- Use for "wall-wash" accenting.

Specifications

Part#	ALUMU-96
Length	8ft (94" for free shipping)
Width	1.18" (30mm)
Height	1.18" (30mm)
Lens Type	Frosted
MAX Light	6 Watts/ft (recommended)
MAX Strip Size	0.80" (20.3mm)

Dimensions
